

Project number: H-8786

## Boat ramp and car park upgrade Outrigger Park - Minyama

March Construction Update

Stage One project duration: September 2023 to mid-May 2024

*All works are subject to weather and construction material/equipment availability.*

Brisbane Road, Minyama

Boat ramp temporarily closed

No public access to Outrigger Park during construction period.

### Project overview

The Queensland Government and Sunshine Coast Council are upgrading the public boat ramp and trailer parking to provide safe and easy access into one of our region's busiest waterways, the Mooloolah River.

For safety reasons the boat ramp remains closed to the public for the duration of construction. Alternative nearby boat ramps include La Balsa Park, Buddina and Parkyn Parade, Mooloolaba.

### March construction activity

March activity will see continued construction of the:

- new revetment wall
- new two-lane boat ramp
- new floating walkway
- new sealed carpark with 36 car-trailer parks

The location and nature of this project means that construction workers must schedule works to accommodate tidal movements.

Although most construction activity takes place between 6am and 6pm, on occasion works will occur between 4am and 7pm as tides dictate.

The construction team will continue to minimise noise wherever possible and safe to do so.

Construction will cease over the Easter holiday period, from Sunday 31 March to Monday 1 April inclusive.

### Project completion date estimated mid-May

The heavy rain experienced over the past few months has slightly delayed construction progress. The new, upgraded boat ramp and car park is expected to open by mid-May 2024.

We thank our community for your continued patience and will continue to keep you informed.

### Further information

You can find further information about the Outrigger Boat Ramp upgrade on Council's website at [www.sunshinecoast.qld.gov.au](http://www.sunshinecoast.qld.gov.au)
