2. ADMINISTRATION

2.1 Issue of Rates Notices

Separate rate notices will be issued in the first six months of the financial year (July to December), and in the second half of the financial year (January to June), for the billing periods 1 July 2022 to the 31 December 2022, and 1 January 2023 to the 30 June 2023 respectively. Each rate notice includes one half of the annual rates and charges levied for the financial year.

In accordance with section 118 of the *Local Government Regulation 2012*, and section 115 of the *Fire and Emergency Services Act 1990* all rates and charges and the State Government's Emergency Management Levy are to be paid by the due date shown on the rate notice.

The council is required to collect the Emergency Management Levy in accordance with the *Fire and Emergency Services Act 1990* and this levy is included on the rate notice. The council billing frequency and method noted above will be applied to the Emergency Management Levy. All funds raised from this levy are forwarded to the Queensland Fire and Emergency Services. For the financial year 2022/23, the levy is as prescribed by the *Fire and Rescue Service Regulation 2011*, which is subject to alteration from time to time and are therefore outside the Sunshine Coast Regional Council's discretion. Council pensioner concessions as shown in section 2.3 will not be applied to the Emergency Management Levy.

2.2 Adjustment of Rates and Charges

Supplementary rates notices for variations in rates and charges will be issued as required during the financial year. It is the owner's responsibility to check that all rates and charges are correct at the time of the issue of the rate notice. Adjustment to rates and charges up to a maximum of twelve months prior to the current rating period, will only be made in exceptional circumstances in accordance with the provisions of section 3.2.4, excluding adjustments arising from the application of criteria (C) of the Principal Place of Residence definition detailed in section 2.8 which will only be made from the start of the period of the current rate notice.

Adjustment for rates and charges levied in the prior twelve months will **not** be made where; a property has been categorised in Differential General Rate Categories 16,16UT,16RT, 17,17UT,17RT,18,18UT,18RT,19,19UT,19RT, 27, 27UT, 27RT, 29, 29UT or 29RT and the owner/s have not provided a completed differential general rate objection notice and sufficient supporting documents advising that the property is their principal place of residence per section 3.2.4 of this Revenue Statement.

2.3 Pensioner Concession

Council's Pensioner Rate Concession to eligible pensioners will be allowed under Chapter 4, Part 10 of the *Local Government Regulation 2012*.

To qualify for council's Pensioner Rate Concession the ratepayer must meet the following eligibility criteria and **MUST ALSO** qualify for the Queensland Government Pensioner Rate Subsidy.

2.3.1 Eligibility Criteria

For Queensland Government Pensioner Rate Subsidy

The pensioner:

- (a) Must possess a current, valid qualifying concession card, namely:
 - (i) Pensioner Concession Card issued by Centrelink or the Department of Veteran Affairs, **OR**,
 - (ii) Repatriation Health (Gold) Card - (for all Conditions) issued by the Department of Veteran Affairs; and
- (b) Must be the owner (either solely or jointly), or be an eligible life tenant, in accordance with the guidelines for Queensland Government Pensioner Rate Subsidy, of property within the Sunshine Coast Regional Council local government area which is their principal place of residence, AND must have (either solely or jointly with a co-owner/s), the legal responsibility for payment of rates and charges which are levied in respect of the said property by the council. In the case of joint ownership, the subsidy will only apply to the

applicable rates and charges proportionate to the share of property ownership of the approved pensioners. Where a co-owner is a declared dependant displayed on the applicant's pension card the declared dependant's proportionate share of property ownership is incorporated when assessing the proportionate share of property ownership of the applicant. For holders of the Repatriation Health (Gold) card issued by the Department of Veteran Affairs the name of the co-owner de facto/spouse, is not listed on cards and therefore when assessing the proportionate share of property ownership of the applicant the co-owner de facto/spouse portion is consequently incorporated; and

- (c) Must, if a 'first time' applicant, lodge and complete the prescribed application to be entitled to a Queensland Government Pensioner Rate Subsidy. The information on this application form will be used by council to verify the eligibility of all pensioners (Centrelink and Veteran Affairs pension recipients). Upon proof of eligibility, the entitlement to a subsidy will commence from either the card start date shown on the Pensioner Concession Card or the date of occupation of their principal place of residence or the start of the current rating period, whichever is the later date. Such entitlement will continue until the sale of that property or until the entitlement to a pension ceases to exist; and
- (d) Must, if an 'existing' applicant, lodge another application on the acquisition of a replacement property within the Sunshine Coast Regional Council local government area, OR if required by council; and
- (e) Pensioner Rate Subsidy will only be allowed where there is an approved habitable residence on the land which complies with the *Queensland Building Act 1975*.

Should the eligibility criteria for the Queensland Government Pensioner Rate Subsidy be revised the updated criteria will be apply.

For the Sunshine Coast Regional Council Pensioner Rate Concession

In addition to the above, the ratepayer **MUST**:

- (a) Have owned property within the Sunshine Coast Regional Council local government area for the preceding three years; or
- (b) Paid rates on property within the Sunshine Coast Regional Council local government area for five of the last ten years, so long as the "gap" between ownerships in this period does not exceed twelve months.

Upon meeting the above qualifying period of three years, the rating concession will be applied from the start of the next rating period. Discretion may be applied in relation to the contribution to the Sunshine Coast Regional Council local government area regarding continuous residency, consistent with pensioner concession arrangements as listed above.

For holders of the Repatriation Health (Gold) Card issued by the Department of Veteran Affairs who have been classified as Totally and Permanently Incapacitated the ownership requirements detailed above are waived.

2.3.2 Method of Calculation – Per Property

Maximum level of pension (full pension)	\$271 per annum maximum	\$212 per annum maximum
Not Maximum level of pension (part pension)	\$136 per annum maximum	\$77 per annum maximum

2.3.2.1 Single Owner on the Maximum Rate of Pension

Where the pensioner is in receipt of the maximum level of pension and is the sole owner of the property that is their principal place of residence the concession will be 25% of the differential general rate up to a maximum amount of \$271 per annum.

2.3.2.2 Joint Owner on the Maximum Rate of Pension

Where the pensioner is in receipt of the maximum level of pension and the property is their principal place of residence and owns the property jointly with one or more people who meet the eligibility criteria in section 2.3.1, the concession will be 25% of the differential general rate up to a maximum amount of \$212 per annum.

2.3.2.3 Single Owner not on the Maximum Rate of Pension

Where the pensioner is not in receipt of the maximum level of pension and is the sole owner of the property that is their principal place of residence the concession will be 25% of the differential general rate up to a maximum amount of \$136 per annum.

2.3.2.4 Joint Owner not on the Maximum Rate of Pension

Council, in its sole discretion, may determine whether to grant the request in relation to the Council Pensioner Rate Concession.

Requests will be considered that meet one of the following criteria:

- (a) The applicant's pension has been granted and backdated, or their pensioner status restored retrospectively as a result of a proper appeal process with Centrelink or Department of Veteran Affairs, thereby preventing them from applying at the date of grant; or,
- (b) a person's failure to be granted the Queensland Government Pensioner Rate Subsidy and/or the Sunshine Coast Regional Council Pensioner Concession has resulted from an acknowledged error on the part of council or the Department of Communities, Disability Services and Seniors, or a person professionally advising the pensioner, such as a solicitor or financial adviser.

All written backdate requests will be forwarded to State Government Concession Services by council for review and to determine if a Queensland Government Pensioner Rate Subsidy will be granted. If the Subsidy will not be granted, Council will not grant the concession.

2.4 Concessions for Rates & Charges

2.4.1 Rates and Charges Debt Concession

In accordance with section 120 of the *Local Government Regulation 2012*, a concession by way of an agreement to defer payment of rates and charges may be granted to landowners that satisfy council that payment of the rates and charges for their Principal Place of Residence will cause them hardship. The overdue rates and charges must be discharged in full by the end of the period granted under this concession which may be up to a maximum of 12 months as determined by Council. The granting of this concession will be subject to conditions as included in council resolutions, policy and procedural documents prepared from time to time.

2.4.1.1 Additional Charges

In accordance with section 125(3) of the *Local Government Regulation 2012* an additional charge can accrue on all rates and charges in arrears in return for council agreeing to defer the payment.

The deferred rates will accumulate as a debt against the property until it is sold, or until the death of the ratepayer, or until the property is transferred from the ownership of the concession applicant, or until such time as determined by council and detailed in Council's conditions of acceptance of the deferral application, whichever is the sooner. If the property is sold or transferred, the deferred rates are payable in full upon settlement of the sale or transfer. If the ratepayer dies, the deferred rates are payable in full within 30 days of the death of the ratepayer.

The deferment of differential general rates applies only to properties owned by eligible pensioners categorised in Differential General Rates Categories 1, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 28 & 30 (principal place of residence rate categories).

To be eligible to defer up to 50% of the differential general rate the applicant must;

- complete, lodge and have accepted by council the prescribed application form; and
- own no less than 50% of the property and occupy the property as their principal place of residence; and
- have no overdue rates and charges on the said property at the time of application; and

To assist eligible businesses and enterprises, council may allow deferment of up to 50% of the differential general rate to approved applicants under the Sunshine Coast Regional Council Investment Incentive Scheme. The deferred rates will accumulate as a debt against the property until it is sold or transferred or until the payment is required in accordance with the conditions of council's approval of the deferment application, whichever is sooner.

2.4.2.3 Additional Charges

Additional charges may be applied to all deferred differential general rates under section 125(3) of the *Local Government Regulation 2012*. The additional charges will be equivalent to compound interest, calculated in daily rests from the due date stated in the rate notice until paid in full and will be set at the *90 day Bank Bill Yield Rate*.

2.4.2.4 Application to Defer

Ratepayers will be required to apply for a deferment of the differential general rate.

2.4.3 Concessions for Non-profit or Arts/Cultural Development Organisations

Council may grant a differential general rate concession to land identified in section 120(1)(b) of the *Local Government Regulation 2012* to the extent council is satisfied the land is owned and directly used by an entity whose objects do not include making a profit, or owned and directly used by an

entity that provides assistance or encouragement for arts or cultural development, and is one of the following:

- Boy Scout and Girl Guide Associations
- Surf Lifesaving and Coastguard organisation
- Community Sporting Organisation – Not for profit organisations without a commercial liquor licence or a community club liquor licence
- Community Cultural or Arts Organisation – Not for profit organisations without a commercial liquor licence or a community club liquor licence

The concession will be a rebate of 100% of the differential general rate. Council must be satisfied that the land for which the concession is sought is used directly for not-for-profit activities or services being delivered directly by the eligible organisation who is the landowner. Applications received during the current year that fall within the categories above may be granted a differential general rate concession for the year if Council is satisfied the eligibility criteria have been met. The granting of this concession will be subject to conditions as included in council resolutions, procedural and application documents prepared from time to time.

If a property has previously been granted a differential general rate concession in the previous financial year the owner will not be required to re-apply to obtain the concession for the current financial year, however they may be required to provide proof of their ongoing eligibility if requested to do so. Property owners must immediately notify council if there is a change of land use for a property in receipt of a differential general rate concession or if they no longer meet the eligibility criteria for the concession.

2.4.4 Concession – Part Rebate

In accordance with section 120 of the *Local Government Regulation 2012*, a concession may be granted to landowners that satisfy council that payment of the Differential General Rate imposes hardship in the form of a greater rate burden based on rateable valuation than that which is imposed on other landowners within the succeeding rate category within the same *valuation banded differential general rate grouping* where the same land use codes apply. The granting of this concession is subject to meeting the following eligibility criteria and subject to conditions as included in this Revenue Statement, council resolutions, policy and procedural documents prepared from time to time.

2.4.4.1 Eligibility and Application

To qualify for the concession a land owner must; own a property recorded in council's Land Record and the property must be charged a Differential General Rate in accordance with Section 3 Table 1 and Table 2; and, a concession or Differential General Rate exemption as detailed in section 2.4.3 or 2.5 must not apply; and, the Differential General Rate must impose a greater burden based on rateable valuation than that which is imposed on other landowners in the succeeding rate category within the same *valuation banded differential general rate grouping* where the same land use codes apply.

The concession will be applied to rateable properties included in the land record as at 1 July 2022 that meet the eligibility criteria. Where a new property is recorded in the land record after 1 July 2022 the rebate will be applied on a pro-rata basis if the eligibility criteria is met. The rebate is determined by assessment and application of the eligibility criteria to a maximum of \$77 per annum per rateable property. The concession only applies to the Differential General Rate levied for the 2022/2023 financial year.

2.5 Differential General Rate Exemptions

Section 93 (3) of the *Local Government Act 2009* states that certain land is exempt from differential general rates. Additionally, section 73 of the *Local Government Regulation 2012* provides details of land that is exempt from rating in accordance with section 93(3)(j)(ii) of the *Local Government Act 2009*.

In applying these sections of the *Local Government Act 2009* and supporting regulation, council will be guided by the principle of communication by raising the awareness of target groups that may qualify for these exemptions.

Section 73 of the *Local Government Regulation 2012* states that for section 93(3)(j)(ii) of the Act, the following land is exempted from rating:

- (a) land owned by a religious entity if the land is less than 20ha and is used for 1 or more of the following purposes:

 - (iii) educational, training or information services aimed at improving labour market participation or leisure opportunities;
- (e) land used for a cemetery.

2.6 Outstanding Rates and Charges

2.6.1 Interest Charges

Interest Charges will be applied to all overdue rates or charges under section 133 of the *Local Government Regulation 2012* from the day the rates or charges become overdue. The interest will be compound interest, calculated on daily rests. For a day on or after 1 July 2022 the interest rate will be 8.17% per annum.

2.6.2 Arrangements to Pay

Pursuant to section 129 of the *Local Government Regulation 2012*, council will allow ratepayers to enter into an arrangement to pay rates and charges for a particular six month rating period, by either fortnightly or monthly instalments. The arrangement will allow the full payment of rates and charges by the end of the current rating period within which the arrangement is established. A separate arrangement is required for each six month rating period and arrangements may not be entered into where there are overdue rates and charges from prior rating periods. Where a ratepayer defaults on an arrangement to pay, the arrangement will be cancelled, and interest applied from the date of default in accordance with section 2.6.1 of this Revenue Statement. The establishment of arrangements to pay will be subject to the requirements included in procedural and application documents prepared from time to time.

2.6.3 Overdue Rates and Charges

Where the rates and charges remain unpaid and an arrangement to pay has not been made, a reminder notice will be issued. Where rates and charges remain unpaid after the reminder notice period, further recovery action may commence, which may include being referred to an external Debt Recovery Agent. Council may also undertake court proceedings to recover overdue rates and charges in accordance with section 134 of the *Local Government Regulation 2012*.

As per sections 138 to 146 of the *Local Government Regulation 2012*, council has the power to sell the property for the recovery of outstanding rates and charges, which have been overdue for at least three years. Vacant land and commercial properties can be sold after one year where judgment has been entered.

2.6.4 Sale of Land for Arrears of Rates & Charges

To exercise the powers of the local government to sell or acquire land for overdue rates according to the *Local Government Act 2009* (the Act) and *Local Government Regulation 2012* including but not limited to the following:

- Some or all of the overdue rates and charges have been overdue for at least,
 - generally three years; or
 - if the rates or charges were levied on vacant land or land used for commercial properties and the local government have obtained judgment – one year; or
 - if the rates or charges were levied for a mining claim – three months.
- The Local Government may, by resolution, decide to sell the land.
- The Local Government must as soon as practicable give all interested parties a Notice of Intention to Sell the land.
- Procedures for selling the land must be commenced generally three months after the Notice of Intention to Sell the land is issued and within six months after the Notice of Intention to Sell the land is issued.
- The Local Government must end the procedures if the overdue rates and charges and all expenses the local government incurs in attempting to sell the land are paid in full.

The CEO, upon legal advice, has the authority to remove a property from the Sale of Land list or defer the sale of the property and reschedule the auction to a later date within the timeframes prescribed by the *Local Government Regulation 2012*.

2.7 Fees and Charges

Section 97 of the *Local Government Act 2009* allows a local government to fix a cost recovery fee.

All fees and charges will be set with reference to full cost pricing. Cost-recovery fees will be charged up to a maximum of full cost and reflect as far as possible the actual cost of providing services and facilities. Commercial charges will be at commercial rates. Council acknowledges the community benefit associated with not-for-profit organisations and Traditional Owners conducting activities on the Sunshine Coast. All not-for-profit organisations are exempt from cost recovery fees for applications to conduct activities requiring an approval on public and private land within the Sunshine Coast Regional Council local government area. 5. UTILITY CHARGES

5.1 Waste Management Charge

5.1.1 Basis of utility charge

Utility charges for waste management, including cleansing and waste removal activities, are levied pursuant to section 94(1)(b)(ii) of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012* for the purpose of defraying the costs of operating, maintaining and managing the collection and disposal of waste from all lands and premises in council's local government area.

5.1.2 Charge to apply

Charges, in accordance with section 5.1.11 or 5.1.12 shall apply to all lands and/or premises within the local government area of council where waste collection services are, or can be, made available.

If premises are in an area designated by council as an area in which council will conduct general waste collection, council will determine, having regard to the nature and volume of the general waste produced as a result of the ordinary use or occupation of the premises:

- (a) the number of standard general waste containers to be supplied to the premises; and
- (b) the size and type of each standard general waste container; and
- (c) the nature of the general waste to be stored in each standard general waste container, for example, whether the standard general waste container is to be set aside for the storage of:
 - (i) commercial waste; or
 - (ii) domestic waste; or
 - (iii) recyclable waste; or
 - (iv) garden organics and
- (d) how often council will arrange for the collection of general waste from each standard general waste container supplied to the premises.

For the avoidance of doubt, in making a determination, from time to time, council is not obliged to have regard to:

- (e) the extent to which the owner or occupier of the premises elects to utilise, for the storage of general waste, 1 or more of the standard general waste containers supplied to the premises for, or on behalf of, council; or
- (f) the extent to which the owner or occupier of the premises elects to utilise, for the storage of general waste, 1 or more containers, other than standard general waste containers supplied to the premises for, or on behalf of, council.

Council delegates, to the Chief Executive Officer of council, the power to make a determination, having regard to the nature and volume of general waste produced as a result of the ordinary use or occupation of premises, about each of the following:

- (a) the number of standard general waste containers to be supplied to the premises; and
- (b) the size and type of each standard general waste container to be supplied to the premises; and
- (c) the nature of the general waste to be stored in each standard general waste container supplied to the premises; and
- (d) how often council will arrange for the collection of general waste from each standard general waste container supplied to the premises.

5.1.3 Garden Organics

A minimum of a 240 litre waste container for the collection of garden organics serviced fortnightly applies to all domestic premises within the local government area of council where waste collection services are, or can be, made available subject to approved exemptions.

Domestic premises, for the minimum of a 240 litre waste container for the collection of garden organics, is land that is recorded under one of the differential general rate categories 1, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 16RT, 16UT, 17, 17RT, 17UT, 18, 18RT, 18UT, 19, 19RT, 19UT or 23 as shown in section 3 or land used for domestic purposes that is not rateable land and where Council has been requested to provide the service.

All garden organics utility charges for domestic premises shall be calculated in accordance with the utility charge details listed in Table 3.

5.1.4 Inclusions

Domestic premises

If domestic premises are in an area designated by council as an area in which council will conduct general waste collection, council may, having regard to the nature and volume of the domestic waste, recyclable waste or garden organics produced as a result of the ordinary use or occupation of the domestic premises:

- (a) require the supply and servicing of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
 - (i) one 140 litre waste container for the collection of domestic waste from the domestic premises serviced weekly and one 240 litre waste container for the collection of recyclable waste from the domestic premises serviced fortnightly; or
 - (ii) one 140 litre waste container for the collection of domestic waste from the domestic premises serviced weekly and one 360 litre waste container for the collection of recyclable waste from the domestic premises serviced fortnightly; or
 - (iii) one 240 litre waste container for the collection of domestic waste from the domestic premises serviced weekly and one 240 litre waste container for the collection of recyclable waste from the domestic premises serviced fortnightly; or
 - (iv) one 240 litre waste container for the collection of domestic waste from the domestic premises serviced weekly and one 360 litre waste container for the collection of recyclable waste from the domestic premises serviced fortnightly; or
- (b) if more than two domestic premises are located on land, for example, domestic premises located on a community title scheme, and the place set aside for the keeping of waste containers for the domestic premises on the land is not adequate to accommodate waste containers for the collection of domestic waste and recyclable waste in the number specified in paragraph (a), (i), (ii), (iii) or (iv):
 - (i) 1, or multiple, 660 litre low noise waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 660 litre low noise waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; or
 - (ii) 1, or multiple, 1100 litre low noise waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 1100 litre low noise waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; or
 - (iii) 1, or multiple, 1m³ waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 1m³ waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; or

- (iv) 1, or multiple, 1.5m³ waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 1.5m³ waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; or
 - (v) 1, or multiple, 2m³ waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 2m³ waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; or
 - (vi) 1, or multiple, 3m³ waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 3m³ waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; and
- (c) charge waste management utility charges for each collection of waste from the domestic premises in accordance with section 5.1.11.

Commercial premises

If commercial premises are in an area designated by council as an area in which council will conduct general waste collection, council may, having regard to the nature and volume of the commercial waste and the recyclable waste produced as a result of the ordinary use or occupation of the commercial premises:

- (a) require the supply and servicing of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
 - (i) one 240 litre waste container for the collection of commercial waste from the commercial premises serviced weekly and one 240 litre waste container for the collection of recyclable waste from the commercial premises serviced weekly; or
 - (ii) one 240 litre waste container for the collection of commercial waste from the commercial premises serviced weekly and one 360 litre waste container for the collection of recyclable waste from the commercial premises serviced weekly; and
- (b) charge waste management utility charges for each collection of waste from the commercial premises in accordance with section 5.1.12.

Also, if commercial premises are in an area designated by council as an area in which council will conduct general waste collection and council determines, having regard to the nature and volume of the commercial waste produced as a result of the ordinary use or occupation of the commercial premises, that the supply and servicing of one 240 litre waste container for the collection of commercial waste from the commercial premises, is not adequate, then council may:

- (a) require the supply and servicing, for the collection of commercial waste from the commercial premises (each an “other commercial waste service”), of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
 - (i) a second 240 litre waste container, or multiple 240 litre waste containers, serviced weekly; or
 - (ii) 1, or multiple, low noise waste containers having a capacity of 660 litres or 1100 litres, serviced weekly; or
 - (iii) 1, or multiple, bulk waste containers having a capacity of 1m³, 1.5m³, 2m³, 3m³ or 4.5m³ serviced weekly; or
 - (iv) 1, or multiple, compactor waste containers having a capacity of 17m³, 19m³ or 23m³ serviced weekly; and
- (b) charge waste management utility charges for each other commercial waste service in accordance with section 5.1.12.

If council determines, having regard to the nature and volume of the recyclable waste produced as a result of the ordinary use or occupation of commercial premises, that the supply and servicing of one

240 litre waste container for the collection of recyclable waste serviced weekly, or one 360 litre waste container for the collection of recyclable waste serviced weekly, is not adequate, then council may:

- (a) require the supply and servicing, for the collection of recyclable waste from the commercial premises (each an “other recyclable waste service”), of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
 - (i) a second 240 litre waste container, or multiple 240 litre waste containers, serviced weekly; or
 - (ii) a second 360 litre waste container, or multiple 360 litre waste containers, serviced weekly; or
 - (iii) 1, or multiple, low noise waste containers having a capacity of 660 litres or 1100 litres, serviced weekly; or
 - (iv) 1, or multiple, bulk waste containers having a capacity of 1m³, 1.5m³, 2m³, 3m³ or 4.5m³ serviced weekly; or
 - (v) 1, or multiple, compactor waste containers having a capacity of 23m³ serviced weekly; or
 - (vi) 1, or multiple, bulk waste containers for recyclable waste (but limited to cardboard) having a capacity of 1m³, 1.5m³, 2m³, 3m³ or 4.5m³ serviced weekly; or
 - (vii) 1, or multiple, compactor waste containers for recyclable waste (but limited to cardboard) having a capacity of 38m³ serviced weekly; and
- (b) charge waste management utility charges for each other recyclable waste service in accordance with section 5.1.12.

If:

- (a) the premises which comprise a community titles scheme include both domestic premises and commercial premises, and
- (b) the domestic premises and commercial premises which comprise the community titles scheme share waste containers because that part of the land on which the community titles scheme is situated which is set aside for the storage of waste containers is not adequate to accommodate both standalone waste containers for the storage of commercial waste and standalone waste containers for the storage of domestic waste,

Council may:

- (c) require, having regard to the nature and volume of the general waste produced as a result of the ordinary use or occupation of the premises comprising the community titles scheme, the supply and servicing of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
 - (i) multiple 240 litre waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and multiple 240 litre waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
 - (ii) 1, or multiple, 660 litre low noise waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 660 litre low noise waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
 - (iii) 1, or multiple, 1100 litre low noise waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 1100 litre low noise waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
 - (iv) 1, or multiple, 1m³ bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 1m³ bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or

- (v) 1, or multiple, 1.5m³ bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 1.5m³ bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
 - (vi) 1, or multiple, 2m³ bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 2m³ bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
 - (vii) 1, or multiple, 3m³ bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 3m³ bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
 - (viii) 1, or multiple, 4.5m³ bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 4.5m³ bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; and
- (d) charge the premises which comprise the community titles scheme, including both commercial premises and domestic premises, waste management utility charges for the collection of commercial waste, domestic waste, recyclable waste and garden organics calculated in accordance with section 5.1.11 except that, for the purposes of the calculation, each reference in section 5.1.11 to domestic waste shall be deemed to be a reference to commercial waste and domestic waste.

A maximum weight of 80kg will apply for each waste container if the waste container is any of the following:

- (a) a 140 litre waste container
- (b) a 240 litre waste container
- (c) a 360 litre waste container.

The maximum weight of 80kg applies regardless of whether the waste container is for the storage of domestic waste, commercial waste, recyclable waste or garden organics.

A maximum weight of 200kg per cubic metre or per 1000 litres applies to:

- (a) each waste container which is a bulk waste container; and
- (b) each waste container which is a low noise waste container.

The maximum weight of 200kg applies regardless of whether the waste stored in the waste container is domestic waste, commercial waste, recyclable waste or garden organics.

5.1.5 Exclusions

Waste management utility charges will not be levied in respect of either of the following:

- (a) land which is owned or otherwise under the control of council, unless the land is leased by council;
- (b) land which is specifically excluded from the provision of a waste collection service by council.

5.1.6 Cancellations or change of service

Waste collection service cancellations and/or suspensions are not permitted for premises that are intermittently occupied, for example, holiday homes and premises which are temporarily vacant, awaiting sale or rental occupancy or commercial premises temporarily closed. Such premises, which are intermittently occupied for a portion of the year are required to pay waste management utility charges for the entire year.

Waste collection service cancellations are permitted in the following circumstances:

- (a) following demolition of premises, a pro rata adjustment will be allowed
- (b) premises that will be vacant for a full year and will not be intermittently occupied, or offered for sale or rent.

An application for cancellation and/or suspension must be made in the form required by council. The Waste Management Facility Charge specified in section 5.1.7, and/or the Waste Management Service Availability Charge in section 5.1.8, is payable in respect of premises which are the subject of a cancellation or suspension approved by council regardless of the duration of the cancellation or suspension.

5.1.7 Waste Management Facility Charge for domestic premises

The Waste Management Facility Charge assists in meeting the costs associated in providing broader waste management services that benefit the whole community.

A Waste Management Facility Charge of \$145 per annum shall apply to all rateable land within the local government area of council if the land is used for domestic premises and:

- (a) does not currently receive a waste management collection service; and
- (b) is not levied with a waste management utility charge in accordance with section 5.1.11, or section 5.2.7.

However, the Waste Management Facility Charge will not be levied in respect of vacant land, as defined in section 2.8, or rateable land recorded under the differential general rate categories 20, 21 or 22 as shown in section 3.

5.1.8 Waste Management Service Availability Charge for commercial premises

The Waste Management Service Availability Charge assists in meeting the costs associated in providing broader waste management services that benefit the whole community.

A Waste Management Service Availability Charge of \$332.70 per annum shall apply to all rateable land within the local government area of council if the land is used for commercial premises and:

- (a) does not currently receive an available general waste collection service; and
- (b) is not levied with a waste management utility charge in accordance with section 5.1.12, section or section 5.2.8.

However, the Waste Management Service Availability Charge will not be levied in respect of vacant land, as defined in section 2.8, or rateable land recorded under the differential general rate categories 20, 21 or 22 as shown in section 3.

5.1.9 Minimum charges for domestic services listed in Table 3 in section 5.1.11

A minimum charge of \$302.70 per annum per premises will apply if:

- (a) the premises form part of a community titles scheme; and
- (b) the premises which comprise the community titles scheme share waste containers which are allocated for the storage, collection and disposal of waste.

For example, where a shared waste collection service is used in a community titles scheme for the premises comprising the scheme, instead of each premises utilising an individual waste container, and the individual premises apportioned total charges less than \$302.70, the minimum charge of \$302.70 per premises per annum shall be applied.

5.1.10 Minimum charges for commercial services listed in Table 4 in section 5.1.12

A minimum charge of \$419.60 per annum per commercial premises will apply if:

- (a) the premises form part of a community titles scheme; and

Council will issue a Sundry Debtor Invoice equivalent to an extra service charge as outlined in council's Register of General Cost-Recovery Fees and Commercial Charges.

Charges which remain outstanding for a period greater than 90 days after the due date for payment will be transferred to the associated rate account and included on a supplementary rate notice.

5.2.2 Charge to apply (general)

Waste management utility charges, in accordance with sections 5.2.7, 5.2.8 and 5.2.9, as applicable, shall apply to all commercial premises and domestic premises within the Maroochydore City Centre Priority Development Area which are directly or indirectly connected to the Automated Waste Collection Service (AWCS) of council. The waste management utility charges, calculated in accordance with sections 5.2.7, 5.2.8 and 5.2.9, apply to commercial premises and domestic premises within the Maroochydore City Centre Priority Development Area in lieu of waste management utility charges calculated in accordance with sections 5.1.11 and 5.1.12.

However, and despite section 5.2.2, council may determine, having regard to the nature and volume of the general waste produced as a result of the use or occupation of specific premises, or a specific category of premises within the Maroochydore City Centre Priority Development Area, that:

- (a) waste management utility charges, calculated in accordance with sections 5.2.7, 5.2.8 and 5.2.9, do not apply to the premises, but waste management utility charges, calculated in accordance with sections 5.1.11 and 5.1.12, apply to the premises; or
